

Proven Winners® Plants

Plenty of Color in these Easy-Care Shrubs

Monrovia and Proven Winners® ColorChoice® formed a strategic partnership to grow an array of flowering shrubs to be sold exclusively in independent garden centers. The selections were chosen for their hardiness, unusually bright colors and easy care.

Buddleia Purple Haze is the newest addition to the Lo & Behold® series of dwarf, eco-friendly Butterfly Bush. It has a unique, horizontal, low spreading habit with feathery, deep green leaves. The dark purple-blue flowers radiate outward and downward. It is continuous blooming and sterile so it will not produce unwanted seedlings (non-invasive).

Hydrangea Abracadabra™ Orb has vivid mop-head flowers that emerge green and peach, maturing to hot pink. The distinctive black stems are interesting even when the plant is not in bloom. This unusual coloring will make this new Hydrangea a popular choice.
